

CAPITAL UPGRADE AND MAINTENANCE WORKS

BONBEACH PRIMARY SCHOOL

26 April 2018

The VSBA is continuing to assist Bonbeach Primary School with the planning of the capital upgrade and is committed to ensuring the successful treatment of termites at Bonbeach Primary School.

MAINTENANCE WORKS

As you may have noticed, minor works on the termite affected buildings were completed over the Easter holidays in time for Term 2. These works included new hoarding, painting and securing the windows. All rooms at Bonbeach Primary School are in a safe and operable condition and all classrooms are being utilised for teaching. Term 2 is now in full swing and classes are being run as normal.

TERMITE TREATEMENT

The termite treatment that commenced in earlier this year is still underway, with regular inspections occurring to monitor the speed and progress of the termite baiting.

The most recent inspection on 17 April 2018 showed there has been no tampering of the baiting stations, which is great news. The report shows that while there was little or no activity in the baiting stations, soldier termites had been located within the girl's bathroom. These termites have had additional treatment.

It is extremely important for the success of the treatment program that baiting stations remain un-touched in the exact location that the technicians have installed them. As such we would appreciate the continuing support of the community to ensure that baiting stations remain uninterrupted so as to allow proper assessment of termite activity.

Next Steps

The next termite inspection is scheduled for 30 April 2018. We will continue to provide updates following inspections.

CAPITAL WORKS

The VSBA is continuing to work closely with the leadership team at Bonbeach Primary School in relation to the planning of their capital upgrade.

Next Steps

Bonbeach Primary School will be participating in an extensive planning process which will occur over the next 3 months. At the conclusion of this planning process an architect will be appointed to oversee the capital project.

CONTACT

If you have any questions about these works, you may contact the VSBA on 1800 896 950 or vsba@edumail.vic.gov.au.
